

# Nihan's Face Mask

Nihan offers a nourishing, nurturing herbal face mask to revive and revitalise the skin.

## The Face Mask

Your treatment begins with a hot facial steam using a blend of organic sage, rosemary and cranberries. This steaming allows the face to relax and soften.

A natural clay mask is then applied to the face and allowed to dry whilst you relax and rest in the sun.

Nihan then rinses your face with warm water, gently massaging the clay mask off.

Your treatment ends with a luxurious face massage using rosewater.....heavenly!
